

EVENT: CASE STUDY

INTRODUCTION:

For those interested in research and data analysis....Wissenaire, here is a platform for you to participate in this amazing event “case study “. Join your group to showcase the talent of your observational skills and analyzing data.

EVENT FORMAT:

This is a two-round event,

Where in the first round there will be an online quiz. Members who qualify for the first round are only allowed to participate in the second round.

In the second round, all teams will be given an identical data set along with a problem statement. Each team has to observe the data and analyze it to formulate a solution for the problem statement.

RULES AND REGULATIONS:

1. Maximum number of participants in a team should be 4.
2. A team can also contain participants from different colleges too.
3. No team member can be a part of two or more teams. Both teams will be disqualified in such a case.
4. Each team should contain a captain.
5. The solution should be submitted in pdf format only.
6. The solution should not be more than 10 slides.
7. This is purely an online event.
8. Judges will finalize the result, and no contentions will be encouraged.
9. Any form of plagiarism is discouraged, and any team indulging will be eliminated.
10. In case of any discrepancies, the decision of the team Wissenaire will be final.

EVALUATION:

Evaluation will be based on the solution's relevance, creativity, and effectiveness.
